## THE HARDWARE CONSOLIDATION

What W. W. Hall Says of the Hawaiian Company's Proposal.

The directors of the E. O. Hall & Sons, Limited, held a meeting yesterday afternoon at which the action of the officers providing for the construction of a new building on the ruins of the one recently burned was ratified. It was voted to let the architect go ahead and make his estimates and prepare plans for the new structure. It was reported that this would take considerable time, as he would have to make an examination of the foundations and walls to ascertain whether they were in condition to be used again.

The proposition to consolidate the establishments of E. O. Hall & Son and the Hawaiian Hardware Company was discussed only in a general way. At the meeting it was brought out that the Hall directors had not made any proposition to the Hawaiian Hardware Company, but that all overtures had been made by the latter. The thought of joining the two concerns had not occurred to the Hall directors until broached by the stockholders of the Hawaiian company.

Bruce Cartwright resigned as a director of the E. O. Hall Company and T. W. Hobron was elected to fill the vacancy.

Mr. Hall said after the meeting: "I understand that a broker who has had talks with most of the stockholders of the Hawaiian Hardware Company has secured the promise of the majority of them to sell out their stock to us if we wished to buy. We had not thought of it until yesterday, when it was brought to my attention for the first time. Of course the joining of the two companies would be beneficial to us, as we would be able to carry our retail trade right along while the new building is being erected. We have thousands of dollars worth of stock on route and by the time we are ready to start up again on a large scale these will all be here. It is probable that we would buy out the business of the Hawaiian Hardware Company if their figures strike us as being low enough."
